1

How does the scheduling system work for the 30-minute lessons?

Our scheduling system is designed to be flexible and convenient. Employees can book their preferred time slot via our booking link up to 24 hours in advance, ensuring that the lessons fit seamlessly into their busy schedules.

2

Can employees choose their preferred teacher for each class?

No, one of the unique aspects of our program is that you get a new teacher for each class. This allows learners to experience different teaching styles and approaches, enhancing their overall learning experience.

9

How do I know if this program is the right fit for my employees?

Our program is ideal for employees with ultra busy schedules, making it challenging to plan classes weeks in advance. We offer a trial session for interested companies to experience our program firsthand and determine if it aligns with their language learning objectives and the flexibility needed for their schedules.

10

Which languages are offered via Lingua30 program?

At the moment, we offer French and English language training using our Learner Profiles.
